

## Until you serve it, you will never know how much pleasure coffee can give

A million other women have learned what good coffee means—they have solved this question in their homes for all time.

They know now that to get good coffee, the coffee itself must be right.

There are hundreds of varieties of coffee grown. The coffee itself must be put up by men who know coffee. Arbuckles' Coffee is. It is put up by Arbuckle Bros., the greatest coffee merchants in the world. There is more of it sold than any other coffee—that is why they can afford to give you the biggest value for your money.

And no matter how good coffee itself is, if it isn't well taken care of, it makes a poor drink. Arbuckles' Coffee is put up in sealed, dust-proof packages, carefully wrapped to protect it from moisture, dirt and store odors. It arrives in your kitchen with all its original strength and flavor.

Have in your home the enjoyment of drinking the coffee which, of all the coffees in America, is the most popular! Solve your coffee problem in the identical way a million other women have. Serve Arbuckles' Coffee tomorrow—know how much pleasure coffee can give.

Louisville, where Mr. Griffin purchased his winter stock of goods. —Dr. R. G. Webb has returned from Cincinnati, where he went to get an auto. He returned a few days ago with Ford and now we have two autos in our town, and there will be several more in the near future. —Miss Lillie Quinn, of East Bernstadt, has returned home after a few days' visit with relatives here. —J. E. Woodall, one of Laurels best Democrats was down from London, Monday. —We will be able in the near future to write up another wedding at this place, from all indications but will keep it a secret for the present. Guess who? —Mr. and Mrs. S. F. Bowman, of Mt. Vernon, were here between trains, Monday, en route home. Felix said he was sure that Hughes would be elected and we disagreed with him and contended that Wilson will be the man. We at last agreed to let the election in November decide it. —Mrs. J. B. Hayse has been very sick for the past few days, but she is slowly improving at present. —Mr. and Mrs. C. L. Hughes, of Louisville, have been visiting Mrs. Hughes' parents, Mr. and Mrs. J. B. Hayse. —Edgar Herd, of East Bernstadt, was here Sunday between trains. —C. A. Riley, L. B. local conductor and Geo. Chapbell, John Pike, Old Wampus Devault, John Mullins, Bill Ward, C. A. Blanford, Dr. Carter, Dr. Amyx, W. M. Owens, Dr. Webb, and others, on their arrival to Livingston yesterday, chartered a boat and went down the river on a fishing expedition, resulting in the capture of a big black cat. On their return to town for the feast, after many vigorous speeches J. Pete Drummond in the usual way, with a broad fish-tasty smile all over his face, was made master of the feast. All report plenty to eat and a pleasant night.

### CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY

This is a medicine that every family should be provided with. Colic and diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. Obtainable everywhere.

### BRODHEAD

The residence of Geal Cox, with its entire contents, was destroyed by fire Thursday of last week. Mrs. Cox had left their three children in the house and was in the field gathering beans. It is supposed that the children set fire to the bedding and had it not been for Alfred Owens, who saw the smoke, the children would have owned to death. —The Rev. J. W. Mesters, of Corbin, preached a very interesting sermon at the Christian church Thursday evening of last week. He was on his way to Florida to assist his son in a meeting. —Mrs. Ed Smith returned home from the Norton Infirmary, Louisville, last week, where she had undergone a serious operation some two weeks before. She is getting along nicely. —E. C. Anderson, of Garrard county, was here last Friday on business, and with his son, W. H. Anderson. —Willard Hilton, of Stanford, was with friends here Saturday and Sunday. —Mrs. I. R. Storm died at 6:00 o'clock, a. m., after a confining illness of several months, and after services at the Christian church by the pastor, the Rev. R. B. Baker, Tuesday afternoon, her remains were laid to rest in the cemetery near this church. She was past seventy years old, and had been a member of the Christian church thirty-five years, and was a devoted Christian. We know of no words better suited to describe her life than those used by her pastor, which follow: "She possessed more than ordinary Christian virtues; possessed no deception, was perfectly frank, had decided convictions, good judgment, kind and sympathetic to those who merited her sympathy, a good neighbor and a devoted church member." Besides her husband, she is sur-

vived by a daughter, who resides in Kansas. —C. A. Wheelton is working in a barber shop in Lebanon. —W. A. Carson is painting and paper hanging in the city of Lancaster. —Warren Keith was here Saturday and Sunday. —Miss Elizabeth Storm, who is teaching in the Stearns, Ky., Graded School, was here from Saturday until Tuesday on account of the illness and death of Mrs. I. R. Storm. —Mr. and Mrs. J. Thos. Cherry and Mr. and Mrs. Frazier Hurt, of Crab Orchard, were in town Sunday afternoon. —Mas. Ed Owens, of Cincinnati, is with her mother, Mrs. Loutishia Roberts, and other relatives here this week. —Mrs. B. T. Young was in Mt. Vernon, Monday, between trains, the guest of Rev. and Mrs. H. T. Young. —Jop Albright, who has been working in Dayton, Ohio, is at home for a few days taking care of his farm products. —Mr. and Mrs. W. H. Barnes were with her parents, Mr. and Mrs. Wesley Reynolds, near Bee Lick, Sunday and Monday. —A Mrs. Edwards, of Boston, and her daughter, Mrs. Coon, of Shepherdsville, were guests of Mrs. P. A. Shelton during the week. —A Teachers Association and Reading Circle will meet here Saturday, October 7th. All teachers are cordially invited to attend. —Miss Kate Poynter, Mrs. Ed Poynter, and Luther Baker, of London, and John Storms, of Keavy, attended the funeral of Mrs. I. R. Storm, Tuesday. —Attorney and Mrs. E. R. Gentry were here during the week on account of the Farmers' Chautauqua. —The Rev. J. W. Carter, of Williamstown, joined his family here Tuesday, and is the guest of his parents, Mr. and Mrs. J. F. Carter, and brother, Dr. W. F. Carter and family. —The Rev. H. T. Young, of Mt. Vernon, was in town on business Wednesday. —Dr. W. F. Carter was in Mt. Vernon, Thursday between trains on business. —Rev. A. B. Potoff has returned from Nicholasville, where he attended the Methodist Conference, and we are glad to report that Mr. Potoff will remain with us another year. —The Farmers' Chautauqua, that was in progress here Tuesday, Wednesday and Thursday, of this week, was most a failure from the point of attendance. On account of the early frost in this section the farmers were compelled to look after their farm products, therefore the attendance was very small. The evening programs were well attended and greatly enjoyed.

## Left Leggedness

It is a familiar fact that a person lost in the woods wanders around in circles to the right. The reason is found in the demonstrated fact that the human race is right-handed and left-legged. That is the left leg is stronger than the right one; and the constant tendency because of the greater activity of the left leg and the longer stride taken with it, is to bear to the right. Locomotion is a continuous pedestrian match between the right leg and the left one, and the left is continually getting ahead.

It's just the way in money matters. Our existence is a constant battle between spending and saving, and our "sneak-leg" seems the stoutest and is generally in the lead. To overcome this the wise ones are handicapping their "spending member" with a Saving Account and are steering a straight course out of the forest of debt—into the civilization of peace and plenty.

## Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret!

You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

### CANDIDATE HUGHES.

MR. HUGHES' policy as a candidate for the high office of President does not have a tendency to raise him in the estimation of the voters, even of his own party. He seems to adopt the easy job of picking flaws and criticising the present administration, and no important respect does he suggest constructive legislation. He has been asked many questions as to what he would have done under conditions confronting our President, but never has he answered. Many of the great authors and writers of the country joined in asking him nineteen questions, but up to this time he has failed to answer any one of them. Why? Because as Ralph Cole, Chairman of the Speakers Bureau of the Republican Party, says Hughes has not the inside information. Why should he criticize if he cannot give us something better? Under the Wilson Administration the country has been given the Federal Bank Reserve Act. Panic among one hundred million people, at the command of a mighty few gamblers, is no longer possible. It is constructive and for the people. The Clayton legislation takes human labor and lives from the list of market commodities and articles of Commerce. It is constructive and for the people. The Child-labor legislation saves the most precious possessions of this nation, frees children. It is constructive and for the people of this and future generations. The Farm Loan Act is freedom and opportunity for the sinew, bone and soul of the country. It is constructive and for the whole people in its final effort. The Seaman's Act, the Armour Plate plant, the Nitrate plant, the Preparedness and other measures enacted under the guiding hand of President Wilson means freedom safety and advancement of all true American ideas. They are constructive and for the people. Right here in America, in our business, in our homes, in the lives of our children we are having and are to have the splendid effects of Woodrow Wilson's engineering of constructive laws that mean better lives, better people and a much better nation.

In view of such splendid work and the enactment of such wholesome laws, it is the best interest of the whole people to continue such a man in office and that man is Woodrow Wilson.

**WHAT THE DEMOCRATIC PARTY HAS DONE AND WHAT THE REPUBLICAN PARTY DID NOT DO.**  
[Cincinnati Enquirer.]  
Mr. Taft has the grounds for a strong argument in stating that the Wilson administration has given such consideration to domestic issues it has neglected the foreign of the country. The Wilson administration has given much attention to affairs directly affecting the interest of the people within the boundaries of the United States, their home life, their business life, their advancement and their prosperity, and not any Republican administration from 1867 to the noon of March 4, 1912, has any record of legislation that will compare in benefits to the public and to general business of the nation as the legislation which gave the country the Federal reserve banking system, the farmer's loan banking system and the shipping bill.

For forty years the Republican party promised the country currency reform and never fulfilled that promise. The Wilson administration redeemed the Democratic promise to do that and made the party's word good for that reform within two years of coming into power. For a score of years Republican politicians and Republican conventions has been promising rural credit legislation, and for sixteen years Republican administration failed to provide such rural credits.

The Wilson administration has redeemed the Democratic promise to financially unshackle business, and it has done so with immense benefit to merchants, to manufacturers, to contractors, to material men, to all classes of active business men, and a few months will see the farmers free of repressive influences in their financial affairs.

The Republican party promised the people of the United States an American merchant marine, and made that promise quadrupled for four decades and never once kept a line or a word of such promise, although in full power for 28 years out of the 40 years.

Let Mr. Hughes and Mr. Fairbanks and Colonel Roosevelt attack and condemn where attack and condemnation are justified, but the Wilson administration is not the only administration that has repudiated party pledges and the Democratic party not the only that has failed to keep its promises to the voters. It comes with exceedingly ill grace for Republican leaders to attack the Democratic effort to provide a merchant marine for the country in the face of the forty years of broken promises of the Republican party to do so.

Colonel Roosevelt was for nearly seven years at the head of the Federal Government, and chief magistrate of the republic. Let him tell his countrymen of the merchant marine he and his party established.

Mr. Fairbanks presided with grace and dignity over the United States Senate for many years, always a party leader, always a party manager, always a party instructor. Let him point to the merchant marine which he and his party created, founded and promoted.

Mr. Hughes has criticised the Democratic effort to provide the greatly needed merchant marine. It may be crude legislation, but it moves in the right direction. It is the first step in the freeing the American people from the shackles of foreign and domestic ocean transportation combines. We are pleased that Messrs. Hughes and Fairbanks have concluded to discuss this subject of the merchant marine. They must tell the people more about it. The voters want to know.

## OUR BOONEWAY MAN In Winchester

Mr. James Maret, President, Boone Way Association, Winchester, Ky.

My Dear Sir: It was my opportunity to have been at the Southern Appalachian meeting, held in Lexington, and to have heard the quiet glowing accounts of the progress of the Boone Way, which you and the little town of Mt. Vernon are deservedly credited with having put on the map.

You say you hope to have it ready as a thru route by June 1917.

We will be pleased to have a story on the road with photographic material for use in our official monthly publication, the American Motorist, if you or Mr. Roberts can find time to prepare it in the spring.

We expect to add Kentucky, another year, to the states which we are mapping, for we realize that your section of country is certain to attract many road visitors when continuous highway become a reality.

Very Truly Yours  
A. G. Batchelder,  
Executive Chairman.

The American Automobile Association is the largest organization of its kind in the world, and has accomplished great results in pushing the good roads movement through the country. It now has an eye on Boone Way and is encouraging its early completion. A great travel is assured over this, to be, historic highway and untold benefits will accrue to the mountains.

The National Highways Association, of Washington, D. C., of which the Boone Way Association is now a division, will make a complete map, in colors, including the territory from Kenton, Ohio, on to Lincoln Highway, (to which it has lately been decided to route our road). Kenton was named in honor of Simon Kenton, a close companion of Daniel Boone in the bloody Indian wars and the settlement of Kentucky. The patriotic citizens of Kenton are anxious to have the highway through to their city, thru Chillicothe, Ohio, and the Association has agreed to the extension.

Kenton will be the Northern terminus of Boone Way and Boone Park, N. C., the Southern terminus. Leaving Kenton, our highway crosses the Old National Trail at Columbus, Ohio, and the Midland Trail at Winchester, Ky., connecting with the Southern National Highway at Hickory and Asheville, N. C. These four highways are transcontinental roads, crossing the country from ocean to ocean. The Lincoln Highway starts at New York and ends at San Francisco. The Old National Trail begins at Baltimore and Washington and ends at Los Angeles. The Midland Trail starts at Richmond and Washington and winds up at San Francisco and Los Angeles. The Southern National Highway begins at Washington, passing thru Virginia, North Carolina, Tennessee, and ending at San Diego, California. Midland Trail passes thru Winchester and out of state at Louisville to St. Louis. Boone Way, as is generally known, also connects with East Dixie Highway at Lexington, (on Louisville Division), Richmond and Cumberland Gap using the same road bed between the latter points, via Mt. Vernon where the divisions of Boone Way merge.

Distance, Kenton, Ohio, to Boone Park, N. C., 685 miles. Two miles of Boone Way on the Versailles pike, out of Lexington, is being made of asphalt. Boone Way will be routed over the new Otter Creek pike from Richmond to Boonesboro, instead of the old Lexington and Winchester roads. Boone's Trail follows Otter Creek. The writer is now engaged in the construction of Boone Way between Winchester and Paris, and a fine road is being made. It is meant to complete it this fall.

The following Rockcastle people were visitors in Winchester during the week: Scott Miller, (now of Versailles), Rev. H. T. Young, Mrs. W. J. Sparks, Judge L. W. Bethurum and T. J. Nicely. Judge Brown of London, was here Tuesday; the latter three stopped off between trains while en route to Lexington and Frankfort.

Official marking of Boone Way will be in progress, on some of the divisions, within next few days. A circular will be mailed to all the various Commissioners, in the different counties, along the route, inside of ten days, giving direction for the marking. The colors adopted are Red and Black, which are to be painted in six inch bands or belts of each color around telephone poles, etc., with a Black "B" on red band and a red "W" on the black band. The signs are to be placed about six feet above the level of the surface of the roadway, and to be at least four to every mile. Full direction will be given in every circular.

The big Boone Way map, size five to seven feet, that has been on exhibition in the Phoenix Hotel lobby, at Lexington, is now hanging on the walls in the lobby of the Brown-Proctoria, Winchester's largest hotel, where it is attracting the attention of hundreds daily.

\$100 REWARD, \$500. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that cannot be cured. Send for list of testimonials.

Address: F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists.

A drill will be started for oil, on the farm of Yancy Merritt, at the mouth of Red River, in Clark county, this week.

Miss Maria Brock, is teaching in Winchester city school, a position she has held for several terms.

The dedication of Boone Way will take place in Mt. Vernon in 1917; probably the time will be in September or possibly a little earlier. Delegates and visitors from many states will be present. It will be one of the biggest days in the record of old Rockcastle.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Wildie Ky, Sept. 29, 1916.

Miss Fannie McClure was the charming hostess for an afternoon social, given at her home, Saturday Evening, Sept. 23, in honor of Miss Lottie Dalton. The younger society of Conway and vicinity was well represented. After a very delightful musical program, and a number of games, refreshments were served. At a late hour the guests departed, feeling that Miss McClure is an ideal entertainer and that they had attended the most enjoyable social event of the season.

The degree team of Brodhead lodge F. & A. M. came over Monday night and conferred the third degree on Mr. Jack Lunceford. Those who came are as follows: J. F. Bordes, R. S. Shivel, I. W. Moore, Guy Roberts, deacon, John Robins, master, A. M. Hiatt and Henry Anderson stewards, J. Monte Roberts Junior deacon, R. L. Smith, Cash Hiatt, Julian and Sylvan Bordes. Brodhead has a splendid working team and the work was thoroughly enjoyed by the members of Ashland lodge. Refreshments were served in lodge dining hall after work, together with a few short talks by Messrs J. W. Brown, Jack Lunceford, John Robins, A. M. Hiatt and E. R. Gentry. Monday evening session has been pronounced by all to be one of the best and most enjoyable held in hall of Ashland lodge for many months.

The Cummins well is now down about 750 feet. For seven feet they have been in the second strata of lime stone. Different pockets of oil has been found in small quantities and one remarkable thing is, the difference in the oil found. The members of the Rockcastle Oil & Gas Co are still enthusiastic in their belief that the Cummins well will be a producer, although it may take 1500 to 1800 feet to get oil.

NOTICE:—To users of telephones, throughout the country. All bills are due first of the month and when bills are not paid phone will be removed. We can not carry long past due accounts, and beginning October first, we shall insist on prompt payment of all bills.

Mt. Vernon Telephone Co., W. H. Graves Mgr.

A number of fires have been reported from different sections of the county. Some of these fires were due to defective flues. We want to take this opportunity to urge everyone to have your chimneys and flues inspected before starting your fall and winter fires. No matter how good you may think your chimney or flue to be, you certainly will not make any mistake in thoroughly inspecting it. Look about your kitchen stove and especially if it is one of those box ranges which rests right on the floor. "Safety first."

F. C. Paison, representing Arbuckles Bros., has been in the county this week advertising Arbuckles Coffee. Many years ago Arbuckle was the only parched coffee sold through this section. Later came other brands, and for many years, the old Arbuckle once a favorite, became an unknown brand. Now that the grade of coffee has been improved the Arbuckle brand of coffee is being pushed in every section, from the largest City store to the smallest of the cross road peddler. Arbuckles Coffee is being sold

NOTICE:—All users of electric light current, are notified that bills are due the first of the month for the preceding month service. The light company is not financially able to do a credit business and those who expect to use the service must pay when the collector presents the bills, which is always between the 2nd and 5th of the month. Bills not paid by the 10th, 10 percent will be added. Those who are not ready and willing to pay for the service, should not expect to use it. Mt. Vernon has service second to no small town in the state and to continue this service the light company must have the revenue to which it is entitled.

In its issue of February 17, 1916, the Wayne County Outlook, published at Monticello, contained reflections on the character of Judge B. J. Bethurum, and applied to him some severe epithets, which we will not publish. There was at the time no campaign in progress, and this action on the part of our contemporary, was without the extenuating conditions of a heated political issue. Judge Bethurum instituted suit in the Pulaski Circuit Court, against J. W. Simpson, editor of the paper, for libel and in the action he set out in detail the article of the Outlook, and charged that the statements contained therein were false and maliciously composed. When the case was called for trial this week before J. L. Colyar, Special Judge, the editor, J. W. Simpson withdrew all pleadings and confessed to the charges in the petition of Judge Bethurum and a jury was empaneled to try the case. All the papers and the petition containing the libelous article were submitted to them, and they retired and brought in a verdict awarding judgment of \$15,000 to Judge Bethurum. ## TRY, TRY, Again Adage Always Works Wonders

The Stronger Never Say Die,  
While the Weaker Become  
Disheartened.

The old adage, "If at first you don't succeed, try, try again," has worked wonders for most of us. Some times in the lives of every one we imagine things are going against us. The weaker become discouraged and give up, while the stronger face this great game of life with staunch hearts, clear brains and steady hands, and with this good old adage as their slogan.

Probably more persons become discouraged over continued ill health than from any other cause. The records of every city will bear this out. Others, who probably suffered as much physical pain and agony as their mentally weaker brothers, will not give up the fight, but will do all in their power to gain relief.

Difficulties are the test of the man.

Hundreds of people testify daily that they had suffered years of torture and agony from stomach or kindred troubles, and had tried everything before they heard of Tanlac. These people did not "give up the ship" after the first remedy failed to cure them. When they heard of the wonders that Tanlac, the new reconstructive tonic, was working, they did not lose this opportunity to be aided simply because other preparations had failed. It is this "stick-to-it-iveness" that has won happiness for thousands.

The truth of this is clearly brought out by the fact that business men, professional men, artisans and women, too, in all walks of life, whose common, practical judgment guides them in all acts and conclusions, are daily testifying to the merits of Tanlac.

Improper food, poor digestion, over eating and lack of healthful exercise have cut short the lives of thousands from the lowest to the highest in the land. Tanlac, the famous vegetable preparation, has proven invaluable for stomach trouble, which, after all, are the base of most ills. Tanlac overcomes poor digestion, restores normal appetite, brings good restful sleep, and banishes that tired, nervous feeling—in short it restores the stomach to the habit of doing a full day's work and doing it well.

Tanlac, the ideal reconstructive tonic, is being especially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead. W. M. Owens' store, Burr, Line Bros., Crab Orchard, S. E. Welch Berea; J. Reynolds and Son, Bee Lick, where the Tanlac man explains its merits.

Always think before you buy, don't think too long.

## FORGET YOUR ACHES.

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Clearer and more effective than mussy ointments or poultices. For sprains or strains, sore muscles or wrenched ligaments resulting from strenuous exercise Sloan's Liniment gives quick relief. Kept in on hand for emergencies by your druggist, 25c.

## STOP THE FIRST COLD.

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cold becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle to-day at your Druggist, 50c.

### Fall's Fairest Fashions

Viewing style trends through our new Bischof models is like looking at the sun through a smoked glass. All real beauty and brilliance without the glare and freakiness that hurt the eyes of culture and good taste. Coats and suits are not merely cloth in various shapes and colors. They have "manners" just like people have. You can tell a Bischof garment by its "manner"—by its unique design, its finesse of fit, its grace of drape.

Our Bischof collection is wide and varied, but all models are alike in their originality and in the unmistakable marks of "high bred" apparel.

While it's true that clothes don't make the man or woman, you'll have to admit that they have a lot to do with other people's impressions of them. The man who wears Clothcraft, or the woman who wears Bischof is beyond criticism.

The fellow who has his winter suit in October gets more for his money than the one who waits till December—more wear and better selection.
